History of the Jubilee Auditoria of Alberta

Presented as a gift to the people of Alberta, the two buildings were built over the course of the summer of 1955 through the spring of 1957. In announcing the decision to provide these Auditoria, Premier E.C. Manning said, "the need for such centres has long been apparent. The government believes that they will be both appropriate and practical memorials to the fifty years of development and do those pioneers whose foresight and fortitude made that progress possible." Some notable acts at the Southern Jubilee have been: Jann Arden, Alice Cooper, KD Lang, Jerry Seinfeld, Tragically Hip and the Broadway blockbusters "The Lion King" and "Wicked".

More than a theatre...

We are a renowned performing arts venue but we also offer a variety of rental space to the public. Planning an event? From Christmas parties to trade shows to weddings, let the Jube be your venue!

Location

Located next to the Southern Alberta Institute of Technology (SAIT), and the Alberta College of Art and Design (ACAD), the Jubilee Auditorium stands beside panoramic views of the city and the majestic Rocky Mountains. There is plenty of parking and we are connected to the C-Train Public Transit.
